A time-table for prejudging in each category should be published after the Official Athlete Registration. In order to give themselves time to warm up and change into their posing attire, competitors should be in the backstage warm-up area at least 45 minutes prior to the start time of the judging of their category. All competitors will be solely responsible for ensuring that they are present and prepared to compete when their category is called onstage failing which they may be eliminated from the competition.

5.2 Elimination Round Procedures:

An Elimination Round will be held when there are more than 15 competitors in a category. IFBB Chief Judge decides if the Elimination Round will be necessary. The Elimination Round will be carried out as follows:

1. The entire line-up is brought onstage, in numerical order and in a single line or two lines, if necessary.
2. The line-up is divided into two equal-size groups and is positioned onstage so that one group is to the left of the stage; the other group is to the right of the stage. The center portion of the stage is left open for comparison purposes.
3. In numerical order, and in groups of not more than ten competitors at a time, each group is directed to the center-stage area to perform the four quarter turns.
4. The IFBB Chief Judge or Stage Director will direct the competitors through the four quarter turns, which are:
 - a. Quarter Turn Right (left side to the judges)
 - b. Quarter Turn Back (back to the judges)
 - c. Quarter Turn Right (right side to the judges)

5. The attire will be inspected during the Official Athlete Registration.
6. Except for a wedding ring, competitors will not wear footwear, glasses, watches, necklaces, earrings, wigs, distracting ornamentation or artificial aids to the figure.

6.2 The use of tans and bronzers that can be wiped off is not allowed. If the tan comes off by simply wiping, the athlete will not be allowed to enter the stage. Artificial body colouring and self-tanning products may be used provided that it is applied at least twenty-four hours prior to the Prejudging. Professional competition tanning methods (airbrush tanning, cabin spray tanning) may be used if applied by the professional companies and qualified personnel. Sparkles, glitter, shiny metallic pearls or gold coloring are prohibited whether applied as part of a tanning lotion or applied separately, regardless of who applied them on the competitor's body.

Article 7 – Prejudging: Assessing and Scoring of the Elimination Round

7.1 Assessment of the Elimination Round:

The same criteria used in judging Round 1 (see Article 10) will be used in judging of the Elimination Round.

1. At this time, the judges will be assessing the overall physique for the degree of proportion, symmetry, muscle contours and quality (bodyfat level) as well as skin tone. The scoring for the Elimination Round will proceed as follows:

7.2 The scoring for the Elimination Round is carried out as follows:

1. If there are more than 15 competitors, the judges shall select the top 15 by placing an "X" beside their numbers, using Form 1, entitled "Elimination Round (Judges)". IFBB Chief Judge decides if the Elimination Round will be necessary.

2. Using Form 2, entitled "Elimination Round (Statisticians)", the statisticians will transcribe the judge's selections onto this sheet and will then tally the judge's scores to select the top 15 competitors.

3. If there is a tie between two or more athletes fighting to enter the top 15, the tied athletes will be brought back onstage, and the judges will perform a reassessment of the four quarter turns to break the tie.

4. Only the top 15 competitors advance to Semifinals (Round 1).

Article 8 - Prejudging: Presentation of Round 1 (Quarter Turns)

Round 1 may not be held if there are 6 or less competitors in a category. Decision will be made by the Chief Judge and will be announced after the Official Athlete Registration.

8.1 Round 1 will proceed as follows:

1. All 15 semifinalists will be called onstage as a group in a single line and in numerical order. [If time permits](#), each semifinalist will be introduced by number, name, and

country. [Decision will be made by the Chief Judge, who will inform the Master of Ceremony or the Announcer.](#)

2. The line-up will be divided into two equal-size groups and will be positioned onstage so that one group is to the left of the stage; the other group is to the right of the stage. The center portion of the stage will be left open for comparison purposes.

3. In numerical order, and in groups of no more than eight competitors at a time, each group will be directed to center-stage area to perform the four quarter turns. Performing each quarter turn, competitors will stand motionless.

4. This initial grouping of competitors, and performance of the four quarter turns, is intended to assist the judges in determining which competitors take part in the comparisons of the quarter turns. Detailed description of the Men's Fit-Model quarter turns is provided in **Appendix 1** to this Section.

5. All judges submit their individual propositions for the first comparison of the top five athletes to the IFBB Chief Judge. Based on them, the Chief Judge will form the first comparison. The number of athletes to be compared will be determined by the Chief Judge but no less than three and no more than eight competitors will be compared at any one time.

Then the judges may be asked to submit individual propositions for the second comparison of the next five athletes, included competitors placing in the middle of the group. The IFBB Chief Judge will form the second and the next comparisons till all competitors will be compared at least once. The total number of comparisons will be decided by the IFBB Chief Judge.

6. All individual comparisons are to be carried out center-stage.

7. In Round 1 individual comparisons, formulated by the IFBB Chief Judge, competitors are directed to perform the four Quarter Turns as described in Art. 5, point 5.2.

8. On completion of the last comparison, the entire line-up is reformed into a single line, in numerical order, before exiting the stage.

Article 9 - Prejudging: Scoring of Round 1

9.1 The scoring of Round 1 is carried out as follows:

1. Using Form 3, entitled "Judge's Individual Placings (Prejudging)", each judge will award each competitor an individual placing from 1 to 15, ensuring that no two or more competitors receive the same placing. The judges may use Form 4, entitled "Judge's Personal Notes" to record their assessment about each competitor.

2. The statisticians will collect Form 3 from the judges and will then transcribe each judge's placings onto Form 5, entitled "Score Sheet (Statisticians)". They will then discard two highest and two lowest scores (if nine judges) or one highest and one lowest (if less than nine judges) for each competitor, and will add up the remaining scores to produce a "Round 1 Subscore" and a "Round 1 Place". The competitor with the lowest subscore is awarded 1st place while the competitor with the highest subscore is awarded 15th place.

3. Should a tie occur in the "Round 1 Subscore", the tie will be broken using the "Relative Placement Method".

Note: *The Relative Placement Method procedure:*

Each individual judge's scores for the tied athletes will be compared on a column-by column basis with a dot being placed on top of the number for the athlete with the lower placing. All nine regular panel judge's scores (except alternative judges) will be included in the tie breaking calculations. The number of dots will be tallied for each of the tied athletes. The athlete with the greater number of dots will be declared the winner of the tie and will then receive the better placing.

4. The scores for the Prejudging will be used to place the top 15 competitors from 1st place to 15th place. The top 6 competitors from the Prejudging will advance to the Finals and will start the Finals with zero points.

5. The top 6 finalists will be announced just after the Prejudging.

Article 10 – Assessing of the Elimination Round, Round 1 and Round 2

10.1 All rounds are assessed using the following criteria:

1. A judge should first assess the overall appearance of a competitor, including the whole physique. Then, the assessment should take into account: the overall body development and shape; balanced, proportionally and symmetrically developed, complete physique; the condition of the skin and the skin tone; the hair and **handsomeness**; the athlete's ability to present **himself** with confidence **and the general** impression made by the competitor.

2. The body parts should have a nice appearance. The physique should neither be excessively muscular nor excessively lean. Physiques that are considered too muscular or too lean must be marked down.

3. Stage Presence and Personality

Judges are looking for the contestant with the best stage presence and poise, who can successfully convey his personality to the audience and the athlete's ability to present himself onstage with confidence.

4. The judge's assessment of the athlete's physique should include the athlete's entire presentation, from the moment he walks onstage until the moment he walks offstage. 5. On completion of the quarter turns, the competitors exit the stage.

Article 13 - Finals: Scoring of Round 2

13.1 Scoring of Round 2:

The scoring for Round 2 will proceed as follows:

1. The judges, using Form 6, entitled "Judge's Individual Placings (Finals)", and using the same criteria for judging as used during the Prejudging, will place the competitors from 1st to 6th, giving no two athletes the same placing.
2. The statisticians will collect Form 6 from the judges and will then transcribe the judge's placings onto Form 5, entitled "Score Sheet (Statisticians)". They will then discard two highest and two lowest scores (if nine judges) or one highest and one lowest (if less than nine judges) for each competitor, and will add up the remaining five scores and will write the total under the column marked "Round 2 Subscore". Points from the Prejudging (Round 1) are not taken into consideration in the Finals. Each competitor begins the Finals with "zero points".

3. The statisticians will then add the “Round 2 Subscore” to “Round 3 Subscore” to produce a “FINAL SCORE” and “FINAL PLACE”. Points from the Prejudging (Round 1) are not taken into consideration in the Finals. Each competitor begins the Finals with “zero points”. The competitor with the lowest “FINAL SCORE” is awarded 1st place while the competitor with the highest “FINAL SCORE” is awarded 6th place.
4. Should a tie occur in the “Round 3 Subscore”, the tie need not be immediately broken as the “Round 3 Subscore” must be added to the “Round 2 Subscore” to produce a “FINAL SCORE”.
5. Should a tie occur in the “FINAL SCORE”, the tie will be broken using the “Round 2 Subscore” first. If a tie still exists, the “Relative Placement” method and the athlete’s “Round 2 Subscore” will be used (see Article 13, point 4).

Article 17 – Finals: Assessing of Round 3

17.1 Assessment of Round 3:

APPENDIX 2:

HOW TO ASSESS THE MEN'S FIT-MODEL QUARTER TURNS

With the exception of the upper part of the thighs, which are covered by board shorts, the assessment should take the whole physique into account. The assessment, beginning with a general impression of the physique, should take into consideration the hair; the overall body shape and body lines; the presentation of a balanced, proportionally and symmetrically developed physique; the condition of the skin and the skin tone; and the athlete's ability to present himself with confidence and elegance. The judges should favour competitors with a harmonious, proportional, classical male physique, good posture, correct anatomical structure (including body framework, correct spinal curves, limbs and trunk in good proportion, straight legs, not bandy or knock-kneed). Vertical proportions (legs to upper body length) and horizontal proportions (hips and waist to shoulder width) are ones of the key factors.

The body parts should have a nice and firm appearance with a decreased amount of body fat. The physique should neither be excessively muscular nor excessively lean and should be free from deep muscle separation and/or sharp striations. Physiques that are considered too muscular, too hard, too dry or too lean must be marked down.

The assessment should also take into consideration the tone of the skin. The skin tone should be smooth and healthy in appearance. The hair should complement the "Total Package" presented by the athlete.

The judge's assessment of the athlete's physique should include the athlete's entire presentation, from the moment he walks onstage until the moment he walks offstage. At all times, the Men's Fit-Model competitor must be viewed with the emphasis on a "healthy and proportional" physique, in an attractively presented, impressive "Total Package".

APPENDIX 3:

HOW TO PERFORM AND ASSESS MEN'S FIT-MODEL INDIVIDUAL PRESENTATION (ROUND 2)

The Men's Fit-Model Individual Presentation in Round 2 is performed in the following manner:

- The competitor will walk to the center of the stage, will stop and perform front stance, with optional pose of hand in pocket or on hip.
- The competitor will then turn to his right and perform the left side stance.

- The competitor will then turn to his right and perform back stance.
- The competitor will then turn to his right and perform the right side stance.
- The competitor will then turn to his right and perform the front position.

The competitor will then walk to the line-up in the rear part of the stage, according to the Stage Director's directive.

The judges will be assessing each competitor on how well they display their physique in move. Competitors shall be assessed on whether or not they carry themselves in a graceful manner while moving on the stage. The pace, the elegance of moves, gestures, "showmanship", personality, charisma, stage presence, as well as a natural rhythm should play a part in the final placing of each competitor.

APPENDIX 4: HOW TO PERFORM AND ASSESS MEN'S FIT-MODEL INDIVIDUAL PRESENTATION IN ROUND 3

Male fit-models are encouraged to look relaxed and smile. Have fun with the audience and judges as much as possible. Try to keep the posing relaxed. You should be displaying a relaxed look. Each pose should be kept for 2-3 seconds to allow the judges to assess a competitor. Running around the stage is not recommended. Competitors should select poses which suit their body type. Transitions between poses should be smooth and graceful. Under no circumstances bend over when turning to the back. Have a theme or motif to your posing by being a little creative. The outfits are meant to highlight individuality and character of competitors. Hair should be well presented and suit well fitting to their body type.

The judges are watching to see the way the outfits are worn, as well as the personality displayed. It is the competitor and not the outfit that is being judged, however these costumes can add to the score by making a competitor impressive and memorable to judges. Confidence, charisma, a good attitude, as well as looking at ease on stage are all vital. Proper muscle tone, posture and symmetry, attractive, marketability, and even a contestant's outfit selection are also taken into consideration.

Athletes may add a trademark wave to their walk. Judged for their overall appearance, as well as poise, confidence and outfit, contestants must be comfortable on stage, should enjoy being in the spotlight, and should let their personalities shine through.
